Your Right to a Good Faith Estimate

At Parliament Chiropractic, we believe in transparency and helping you understand the cost of your care. As part of this commitment, we want you to know that under federal law, you are entitled to request a Good Faith Estimate.

What is a Good Faith Estimate?

A Good Faith Estimate outlines the expected costs of your healthcare services. It provides an estimate of charges for medical services you are planning to receive, including chiropractic care, so you can make informed decisions about your health and financial obligations.

Your Rights:

You have the right to request and receive a Good Faith Estimate from us before your scheduled care.

This estimate will give you a clear understanding of the costs for future services rendered if you are uninsured or if you are choosing not to use your insurance.

How to Request a Good Faith Estimate:

To request your personalized estimate, simply call us at 907-222-5100 or ask at the front desk during your visit. We will provide the estimate within the required time frame, typically before your next scheduled appointment.

Keeping You Informed:

The estimate will include expected costs related to your treatment plan, such as consultations, exams, and any additional procedures or therapies. While the Good Faith Estimate is not a guarantee of final charges, it helps you plan and anticipate the potential expenses for your care.

For more information or assistance regarding the Good Faith Estimate, please feel free to reach out to us. We are here to answer your questions and ensure your experience with us is both transparent and comfortable.
